

Cenovus and Headwater announce bought deal secondary offering of Headwater common shares worth approximately \$114 million

Calgary, Alberta (September 27, 2021) – Cenovus Energy Inc. (TSX: CVE) (NYSE: CVE) (“Cenovus” or the “Selling Shareholder”) and Headwater Exploration Inc. (TSX: HWX) (“Headwater” or the “Company”) announced today that they have entered into an agreement with Peters & Co. Limited and BMO Capital Markets (the “Lead Underwriters”), on behalf of a syndicate of underwriters (together with the Lead Underwriters, the “Underwriters”), pursuant to which the Underwriters have agreed to purchase, on a bought deal basis, from Cenovus, through its wholly owned subsidiary, Cenovus Marten Hills Partnership (the “Partnership”), 25,000,000 common shares of the Company (the “Common Shares”) at a price of \$4.55 per Common Share (the “Offering Price”) for total gross proceeds to the Selling Shareholder of \$113,750,000 (the “Offering”). The Selling Shareholder has granted the Underwriters an option to purchase an additional 15% of the Common Shares issued under the Offering (3,750,000 Common Shares) at the Offering Price exercisable to cover over-allotments and for market stabilization purposes in whole or in part at any time until 30 days after the closing. The Company will not receive any of the proceeds from the Offering or the over-allotment option, if exercised.

Cenovus currently holds, indirectly through the Partnership, 50,000,000 Common Shares, representing approximately 24.7% of the issued and outstanding Common Shares and 15,000,000 purchase warrants exercisable at \$2.00 per Common Share until December 2, 2023. Following the closing of the Offering, Cenovus will indirectly hold 25,000,000 Common Shares (21,250,000 Common Shares assuming full exercise of the over-allotment option), representing approximately 12.3% of the issued and outstanding Common Shares (10.5% assuming full exercise of the over-allotment option) and 15,000,000 warrants to purchase Common Shares. Assuming exercise of the warrants held by Cenovus, following closing of the Offering, Cenovus would indirectly hold 40,000,000 Common Shares (36,250,000 Common Shares assuming full exercise of the over-allotment option), representing approximately 18.4% of the issued and outstanding Common Shares (16.7% assuming full exercise of the over-allotment option).

Cenovus is selling the Common Shares as part of its plan to reduce net debt levels towards its \$10 billion interim target and accelerate shareholder returns. Through its active development plan and early success, Headwater has accelerated the value generated from the Marten Hills asset and continues to progress its exploration program. The Offering will expand Headwater’s free-trading float and is expected to provide new and existing shareholders with enhanced trading liquidity.

The Common Shares will be offered by way of a short form prospectus qualifying them for distribution in all provinces of Canada, excluding Quebec. Private placement offerings in the United States will be made to “qualified institutional buyers” pursuant to Rule 144A of the United States Securities Act of 1933 and with certain accredited institutional investors under Regulation D. The Offering is expected to close on or about October 14, 2021 and is subject to certain conditions including, but not limited to,

the receipt of all necessary corporate and regulatory approvals, including the applicable securities regulatory authorities. No securities regulatory authority has either approved or disapproved of the contents of this news release.

The securities being offered have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons absent registration or an applicable exemption from the registration requirements. This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any State in which such offer, solicitation or sale would be unlawful.

Advisory

Basis of Presentation

Cenovus reports financial results in Canadian dollars and presents production volumes on a net to Cenovus before royalties basis, unless otherwise stated. Cenovus prepares its financial statements in accordance with International Financial Reporting Standards (IFRS).

Forward-looking Information

This news release contains certain forward-looking statements and forward-looking information (collectively referred to as “forward-looking information”) within the meaning of applicable securities legislation, including the United States Private Securities Litigation Reform Act of 1995, about Cenovus’s and Headwater’s current expectations, estimates and projections about the future, based on certain assumptions made by Cenovus and Headwater in light of their respective experience and perception of historical trends. Although Cenovus and Headwater believe that the expectations represented by such forward-looking information are reasonable, there can be no assurance that such expectations will prove to be correct. Readers are cautioned not to place undue reliance on forward-looking information as actual results may differ materially from those expressed or implied. Neither Cenovus nor Headwater undertake any obligation to update or revise any forward-looking information except as required by law.

This forward-looking information is identified by words such as “achieve”, “commitment”, “continue”, “position” and “will”, or similar expressions and includes suggestions of future outcomes, and in respect to Cenovus includes statements about: the use of sale proceeds to reduce debt and achieve the interim net debt target of \$10 billion; creating value for shareholders; and positioning Cenovus’s balance sheet to increase shareholder returns. In respect to Headwater, the forward-looking information includes statements about: the intent to continue to progress its exploration program; and that the Offering will expand Headwater’s free-trading float and is expected to provide new and existing shareholders with enhanced trading liquidity.

Developing forward-looking information involves reliance on a number of assumptions and consideration of certain risks and uncertainties, some of which are specific to Cenovus or Headwater

and others that apply to the industry generally.

Additional information about risks, assumptions, uncertainties and other factors that could cause Cenovus's actual results to differ materially from those expressed or implied by its forward-looking statements is contained under "Risk Management and Risk Factors" in Cenovus's Annual Management's Discussion and Analysis (MD&A) or Form 40-F for the year ended December 31, 2020 and in the updates in the "Risk Management and Risk Factors" section of Cenovus's MD&A for the period ended June 30, 2021. Additional information about risks, assumptions, uncertainties and other factors that could cause Headwater's actual results to differ materially from those expressed or implied by its forward-looking statements is contained under "Risk Factors" in its annual information form for the year ended December 31, 2020, which is available on SEDAR at <https://www.sedar.com/>.
